FEDERAL CREDIT UNION

Financial Strength. Together.

We're
ready to
give you
the credit you deserve!

Some of our members may not have a long credit history. And, they really need a reliable car. So it's a good thing New Generations is here to help!

Other financial institutions make it nearly impossible for a young person to get a loan. If they do decide to lend money, you may get stuck with a high rate – and high payments.

But at New Generations, we do things differently. We have auto loan rates as low as:

6.99% APR*

For all existing students and recent college graduates

As your credit union, we're here to help you go farther, do more, and pay less. So if other lenders have quoted you sky-high rates, give us a call. We'll do our best to help you get off to a great start.

*APR = Annual Percentage Rate. Offer limited to graduating classes of accredited colleges, universities or trade schools in the United States. The quoted APR is the minimum rate available to recent college-level graduates for all new or used vehicles, with a maximum term of 60 months. Loans over 60 months will receive a 1% increase in interest rate. The quoted rate is based on up to a .50% rate reduction due to Direct Deposit, Payroll Deduction or a 20% down payment. All applicants are subject to credit approval and must have satisfactory employment. Available to New Generations FCU members only. Not all members will qualify for the lowest rate shown.
